

Response to COVID-19 Community Support FAQ

We are incredibly grateful to those in our generous communities who continue to reach out and ask how they can support our patients, families, and team members during the COVID-19 pandemic.

May I make an in-kind donation?

Safety is the core value at DRH Health and something we stress daily with our team members. We are closely monitoring our supply of Personal Protective Equipment (PPE). If you would like to donate any of the following, please contact Community Relations at 580.251.8844.

Procedure masks (commercial or homemade), N95 masks, isolation gowns, eye protection, touchless thermometers, hand sanitizer, bleach wipes, disinfectant wipes.

May I donate food to the hospital teams?

At this time we are accepting gift card donations to restaurants (NO Homemade) for our team members to use as needed. We are also accepting packaged restaurant catered meals (NO buffet style) to the main entrance. Please coordinate - at least 24 hours prior to making your donation - through Community Relations (580.251.8844 or cyndi.crook@drhhealth.org) - for guidelines and to schedule. Community Relations will meet donors outside of the main entrance during the week and deliver food to the departments.

Are you accepting monetary donations?

We are accepting donations to support DRH Health Foundation's Emergency Relief Fund which will help the needs that range from investing in equipment to providing assistance to team members affected directly by the COVID-19 pandemic. The DRH Health Foundation will match dollar for dollar up to \$20,000 in donations. Make a gift at drhhealthfoundation.org.
